

Turn on Two-Factor Authentication

Nimble offers two-factor authentication (MFA).

Login to your website, browse to **My Account** (/account).

MY ACCOUNT

The screenshot shows the 'MY ACCOUNT' page with a left-hand navigation menu. The menu items are: 'Account Information' (highlighted in blue), '2-Factor Authentication' (highlighted in grey), 'Change Email Address', and 'Reset Password'. To the right of the menu are form fields for 'Title', 'Company Name', and 'Address Line 1', each with a text input box.

From the left navigation, select “2-factor Authentication”.

MY ACCOUNT

The screenshot shows the 'MY ACCOUNT' page with the '2-Factor Authentication' option selected in the left-hand navigation menu. To the right, under the heading 'Available', there is a button labeled 'Google Authenticator'.

Select “Google Authenticator” and follow the on-screen instructions.

The screenshot shows the Google Authenticator setup screen. At the top, there is a light blue banner with the text: 'Scan this QR code with the Google Authenticator app and enter the auth code below.' Below the banner is a large QR code. Underneath the QR code are two buttons: 'GET IT ON Google Play' and 'Download on the App Store'. At the bottom of the screen, there are two text input fields: 'Verify Account Password' and 'Google Authenticator Code'. A 'Submit' button is located at the bottom right corner.

You will need to download and install **Google Authenticator** from the App store on your mobile device.
